

THE ALASKA CLUB

Addendum to Membership Agreement with 12-Month Membership Commitment
Article V. Enrollment Fees Dues and Charges. Article VII. Termination of Membership

In exchange for a twelve (12) month membership commitment, my Membership Agreement and Waiver and Release of Claims with The Alaska Club shall be amended as follows:

Article V. Enrollment Fees Dues and Charges. In exchange for a twelve (12)-month membership commitment, the Club has reduced the enrollment fee from \$_____ to \$_____, a difference of \$_____.

Article VII. Termination of Membership. Section 1. Voluntary Resignation is amended to read:

My initial membership is for a 12-month term, ending on _____. Membership does not automatically terminate at the end of the 12-month term but continues on a month to month basis after the initial 12-month term, subject to cancellation as provided in the Membership Agreement and/or this Addendum.

After 11 months of the initial term, I may give my 30 day written notice to terminate my membership with The Alaska Club. My voluntary resignation shall not be deemed effective until after the expiration of the 30-day notice period and after all required payments (dues and other charges) have been made by me to the Club. Subsequent to my voluntary resignation, I shall not be subject to any further dues or other charges. Non-use of the Club is not considered notice of cancellation. Written notice shall be sent to:

I (the member) agree to pay the amount of free time or discounted dues provided in my offer. Free time and discounted dues are calculated as the difference between the cumulative amount of monthly dues listed for the discounted or free month(s) at enrollment less the amount paid for these months.

After six months of membership, if a member moves more than 40 miles from any location of the Club, The Alaska Club will waive the normal cancellation fee (12 month commitment) if proof of move is provided. The proof required is written certification of a new residence, such as a lease, deed or utility bill. The Alaska Club may independently verify this move. Written notice of cancellation 30 days in advance is also required.

If at any time during this initial membership term the member suffers a prolonged medical condition that prevents the member from using The Alaska Club facilities for the entire duration of the initial membership term, the member may cancel the membership, without any penalty, provided the member provides the Club with a written doctor's certification verifying the member's inability to use Club facilities for the rest of the term. The doctor's certification must specify the reason and length of time for any exercise restriction. Conditions that are of indefinite or undetermined duration or that are for a period of time less than the remainder of the initial term will qualify for medical leave of absence and not cancellation. The member shall be responsible for all dues and fees incurred prior to receipt of the written doctor's order.

Article VII. Termination of Membership. Section 2. Involuntary termination is amended to include the following: If this membership is involuntarily cancelled prior to the completion of an initial twelve (12) month membership commitment, I (the Member) agree to pay to The Alaska Club the lesser of (a) the remaining dues to fulfill the twelve (12) month commitment, or (b) the full amount of the discount on the enrollment that was given in exchange for the commitment, which is \$_____.
